### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in telephone interviews with Joseph Kuborn on 3/7/06 and 3/16/06.

The application has been amended as follows:

In claim 18, line 3, "an opening" has been changed to—the opening--.

In claim 21, line 5, "gap" has been changed to –gaps--.

In the specification, paragraph [0001], --now abandoned—has been added after "2000".

In the specification, paragraph[0014], --normally substantially closed—has been deleted from line 5 in the amendment dated 7/22/05.

In the specification, paragraph[0030], --and normally substantially closed—has been deleted from line 6 and "substantially" has been deleted from line 10 in the amendment dated 7/22/05.

In the specification, paragraph[0034], -- substantially closed—has been deleted from line 8, in the amendment dated 7/22/05.

### ***Reasons for Allowance***

2. The following is an examiner's statement of reasons for allowance: the prior art of record does not teach or fairly suggest a method of forming an air-permeable bag having at least one side made of a first polymer film provided with a plurality of gaps extending through the film wherein the gaps are closed when the pressure inside the bag is less than or approximately equal to the pressure outside the bag and are open when the pressure inside the bag is greater than that outside the bag. While Kagawa discloses gas passageways in the film, they do not extend through the film. Applicant's specification[0017] indicates that the gaps are closed when the pressure inside is small relative to the pressure outside, indicating that applicant had possession of the concept that the gaps were closed when the pressure outside the bag is greater than the pressure inside the bag.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
